PROFIT WARNING

This announcement is made by GET Holdings Limited (the “Company”, together with its subsidiaries, the “Group”) pursuant to Rule 17.10(2)(a) of the Rules Governing the Listing of Securities on the Growth Enterprise Market of The Stock Exchange of Hong Kong Limited (the “Stock Exchange”) (the “GEM Listing Rules”) and the Inside Information Provisions (as defined under the GEM Listing Rules).

The board (the “Board”) of directors (the “Directors”) of the Company wishes to inform the shareholders of the Company and potential investors that based on the preliminary review and analysis of the latest available unaudited management accounts of the Group, the Group is expected to record a net profit of not less than HK\$53 million for the nine months ended 30 September 2015 (the “Relevant Period”) as compared with a net profit of approximately HK\$89 million for the nine months ended 30 September 2014. The expected decrease in net profit for the Relevant Period as compared with that for the corresponding period in 2014 was mainly attributable to the combined effects of (1) the substantial decrease in fair value gain on performance shares (which amounted to approximately HK\$49 million in the corresponding period in 2014) in the Relevant Period (which amounted to approximately HK\$1 million for the Relevant Period). Such performance shares were allotted and issued to the vendors of Apperience Corporation (“Apperience”) (a non-wholly owned subsidiary of the Company) during the Relevant Period to satisfy part of the consideration for the acquisition of 50.5% of the issued share capital of Apperience, which was completed on 31 March 2013; (2) the net profit of approximately HK\$4 million contributed by the securities investment business during the Relevant Period as compared with the net loss of approximately HK\$0.5 million in the corresponding period in 2014; (3) the net profit of approximately HK\$8 million contributed by the corporate management solutions and I.T. contract service business, which was a new business segment of the Group commencing during the Relevant Period; and (4) the net profit of approximately HK\$58 million contributed by Apperience and its subsidiaries as compared with that of approximately HK\$51 million in the corresponding period in 2014.

* *For identification purposes only*

The Group is expected to record a net profit of approximately HK\$53 million for the Relevant Period which was mainly derived from (1) the net profit of approximately HK\$58 million contributed by Apperience and its subsidiaries, which are principally engaged in the research, development and distribution of software for personal computer performance, anti-virus software, mobile applications and toolbar advertisement, during the Relevant Period; (2) the net profit of approximately HK\$8 million contributed by the corporate management solutions and I.T. contract services business; and (3) the net profit of approximately HK\$4 million contributed by the securities investment business, which comprised the fair value gain on financial assets through profit or loss of approximately HK\$59 million during the Relevant Period and the aggregate net loss on disposals of available-for-sale financial assets and financial assets at fair value through profit and loss (the “FVTPL financial assets”) of approximately HK\$49 million incurred by the Group for the Relevant Period. Such net loss on disposals of financial assets during the Relevant Period was mainly attributable to the disposals of shares in Target Insurance (Holdings) Limited (stock code: 6161) (which were classified as FVTPL financial assets), Finsoft Corporation Investment Holdings Limited (stock code: 8018) and DX.com Holdings Limited (stock code: 8086) (both were classified as available-for-sale financial assets). The net loss on such disposals, in aggregate, amounted to approximately HK\$45 million.

As the Company is still in the process of preparing and finalising the unaudited consolidated financial results for the Relevant Period, information contained in this announcement is only based on a preliminary assessment of the unaudited management accounts of the Group and information currently available. It is not based on any data or information being audited or reviewed by the auditors of the Company. There may be adjustments following further review and finalisation of the unaudited management accounts of the Group by the Board.

Further information and other details of the Group’s financial performance for the Relevant Period will be disclosed in the forthcoming quarterly results announcement in due course.

Shareholders of the Company and potential investors should exercise caution when dealing in the securities of the Company.
