INSIDE INFORMATION – UPDATE ON PERFORMANCE OF SECURITIES INVESTMENT BUSINESS SEGMENT

This announcement is made by GET Holdings Limited (the “**Company**”, together with its subsidiaries, the “**Group**”) pursuant to Rule 17.10(2)(a) of the Rules Governing the Listing of Securities on the Growth Enterprise Market of The Stock Exchange of Hong Kong Limited (the “**Stock Exchange**”) (the “**GEM Listing Rules**”) and the Inside Information Provisions (as defined under the GEM Listing Rules).

The board (the “**Board**”) of directors (the “**Directors**”) of the Company wishes to inform the shareholders of the Company and potential investors that based on the preliminary review and analysis of the latest available unaudited financial information on the securities investment business segment of the Group, the Group is expected to record a segment profit of not more than HK\$82 million on the securities investment business for the year ended 31 December 2016 (the “**Year 2016**”) as compared to the segment profit of the securities investment business of approximately HK\$49.8 million for the year ended 31 December 2015, noting that the segment profit for such business segment during the nine months ended 30 September 2016 was approximately HK\$8.8 million.

The significant increase in the segment profit of the securities investment business of the Group was primarily attributable to the net fair value gain on financial assets through profit or loss of approximately HK\$82 million during the Year 2016. Such net fair value gain was mainly attributable to the combined effects of fair value gain in the investment in First Credit Finance Group Limited (“**First Credit**”) (Stock Code: 8215) and fair value loss in the investment in Convoy Global Holdings Limited (“**Convoy Global**”) (Stock Code: 1019).

* for identification purposes only

As at 31 December 2016, the Group held 718,000,000 shares of First Credit, representing approximately 19.8% of its total issued shares. For the Year 2016, the Group recorded a fair value gain of approximately HK\$241 million in its investment in First Credit.

As at 31 December 2016, the Group held 800,630,000 shares of Convoy Global, representing approximately 5.4% of its total issued shares. For the Year 2016, the Group recorded a fair value loss of approximately HK\$160 million in its investment in Convoy Global.

In view of the recent unstable global equity markets and volatile financial market in Hong Kong, this business segment carries material price risk in its nature. The Board will monitor closely the performance of its investment portfolio.

As the Company is still in the process of preparing and finalising its unaudited consolidated financial results for the Year 2016, information contained in this announcement is only based on a preliminary assessment made by the Board with reference to the information currently available and may be subject to change. It is not based on any data or information being audited or reviewed by the auditors of the Company. There may be adjustments following further review and finalisation of the unaudited segment result of the securities investment business by the Board.

Further information and other details of the Group's financial performance for the Year 2016 will be disclosed in the forthcoming 2016 annual results announcement in due course in compliance with the GEM Listing Rules which is expected to be published on or around 28 March 2017.

Shareholders of the Company and potential investors should exercise caution when dealing in the securities of the Company.
