### **INSIDE INFORMATION – UPDATE ON PERFORMANCE OF SECURITIES INVESTMENT BUSINESS SEGMENT**

This announcement is made by GET Holdings Limited (the “**Company**”, together with its subsidiaries, the “**Group**”) pursuant to Rule 17.10(2)(a) of the Rules Governing the Listing of Securities on the Growth Enterprise Market of The Stock Exchange of Hong Kong Limited (the “**Stock Exchange**”) (the “**GEM Listing Rules**”) and the Inside Information Provisions (as defined under the GEM Listing Rules).

The board (the “**Board**”) of directors (the “**Directors**”) of the Company wishes to inform the shareholders of the Company and potential investors that based on the preliminary review and analysis of the latest available unaudited financial information of the securities investment business of the Group (the “**Securities Investment Business**”), the Group is expected to record a segment loss of not more than HK\$4 million on the Securities Investment Business for the six months ended 30 June 2017 (the “**Relevant Period**”) as compared to the segment profit of the Securities Investment Business of approximately HK\$10.7 million for the six months ended 30 June 2016, noting that the segment loss for such business segment for the three months ended 31 March 2017 was approximately HK\$37.5 million.

The segment loss of the Securities Investment Business was primarily attributable to loss on disposal of the available-for-sale financial assets of approximately HK\$2.8 million and the net fair value loss on financial assets at fair value through profit or loss (“**FVTPL Financial Assets**”) of approximately HK\$15,000 (the “**Fair Value Loss**”) during the Relevant Period. The Fair Value Loss was mainly attributable to the combined effects of the fair value gain on the investment in First Credit Finance Group Limited (“**First Credit**”) (Stock Code: 8215), fair value loss on the investment in Convoy Global Holdings Limited (“**Convoy Global**”) (Stock Code: 1019) and the net fair value gain on other FVTPL Financial Assets of approximately HK\$1.5 million. The Fair Value Loss is a non-cash accounting treatment which did not affect working capital sufficiency of the Group during the Relevant Period.

\* For identification purposes only

As at 30 June 2017, the Group held 718,000,000 shares of First Credit as FVTPL Financial Assets, representing approximately 19.8% of its total issued shares. The Group recorded a fair value gain on FVTPL Financial Assets of approximately HK\$89.8 million in its investment in First Credit for the Relevant Period.

As at 30 June 2017, the Group held 787,118,000 shares of Convoy Global as FVTPL Financial Assets, representing approximately 5.3% of its total issued shares. The Group recorded a fair value loss on FVTPL Financial Assets of approximately HK\$91.3 million in its investment in Convoy Global for the Relevant Period.

In view of the recent unstable global equity market and volatile financial market in Hong Kong, this business segment carries material price risk in its nature. The Board will monitor closely the performance of its investment portfolio.

As the Company is still in the process of preparing and finalising its unaudited consolidated financial results for the Relevant Period, information contained in this announcement is only based on a preliminary assessment made by the Board with reference to the information currently available. It is not based on any data or information being audited or reviewed by the auditors of the Company. There may be adjustments following further review and finalisation of the unaudited management accounts of the Group by the Board.

Further information and other details of the Group's financial performance for the Relevant Period will be disclosed in the forthcoming interim results announcement in due course.

**Shareholders of the Company and potential investors should exercise caution when dealing in the securities of the Company.**
